You will be vaccinated with the Janssen vaccine. You will need 1 vaccination for a good level of protection against the coronavirus.

If you do not want to be vaccinated with Janssen, you will be offered a BioNTech/Pfizer vaccine. In that case, you will need 2 vaccinations for a good level of protection against the coronavirus. An appointment for the second vaccination will then be made for you automatically.

- Have you read and understood the information about the Janssen vaccine? Yes No
- Are you aware of the slightly lower efficacy of Janssen and the possible side effects? Yes No
- Do you consent to being vaccinated with Janssen? Yes No

Thank you for answering the questions. **Please have your passport or identity card (ID card) ready.** If you do not have a passport or identity card, you can still be vaccinated. Our colleague will be happy to assist you.
